PLEASE READ PRIOR TO SIGNATURE

Flying Star Saddlery (FSS) will be responsible for representing your saddle or other saddlery equipment (“Consigned Property”) in a professional and proper manner. Our process with each saddle is an investment of time and resources by FSS in the pursuit of obtaining maximum price for your USED SADDLE. If you decide to retrieve your saddle before it's sale, there is a **\$50.00 charge for our services**, as entailed on the policies page of this document. Consignment Policies at FSS is page 2 of this document. FSS ensures proper care of the “Consigned Property” while under consignment. Your saddle is protected, kept safe, and stored in a climate-controlled environment. If damage occurs during a trial period the potential buyer is held liable financially, so your resources are protected. By signing this agreement, you agree to the terms within as well as the consignment policies on page 2. **Flying Star Saddlery commission is 25% of final sale price.**

I, _____ (“Consignee”) have read and understand the requirements of Flying Star Saddlery and the policies of page 2 of this document.

Date: _____ Print consignee name: _____

As we begin the process of marketing your saddle ("Consigned Property") which you are consigning with Flying Star Saddlery, we'd like to share the details of preparing a used saddle for sale.

The first step is to fill in the two-page consignment agreement and return to flying Star. This form is a 'fill-able PDF.' You should be able to "fill in" all the pertinent information, type your name & initials for your signature, SAVE and then return the filled in PDF form! Another method, if you prefer, is to download – fill in by hand – scan and return or image and return.

After receiving your saddle and evaluating its condition we will research any unknown details about its make/model to 'run comps' of current market value.

Please share pertinent details about the saddle which might help potential buyers learn of its merits and fitting points. (PLEASE share details page 1)

These aspects must be confirmed before we begin our process which typically entails conditioning your saddle for maximum visual appeal. If we must clean your saddle, there is a charge of \$15.00.

Next, we photograph your saddle for images to be used in posting/promotion. These photos are then edited to ensure maximum detail. At that point, we post your saddle in the Flying Star Saddlery shop online and then post on eBay. Typically, we also post to pertinent Facebook groups, (often 6 to 7 different saddle sales groups) where your consignment saddle enjoys over 80,000 member viewers. The sale of your saddle depends greatly on finding exactly the right horse and rider. Flying Star also promotes your saddle by physically taking it to every pertinent saddle fitting.

***** Patience is key with a used saddle sale to find the right fit for a new rider and their horse!!
As your representative, FSS will tender every offer and notify you accordingly.**

Please limit your phone calls and emails to check up on your saddle. Flying Star, LLC sets no timetable on the sale of your consigned property but guarantees your saddle's maintenance and marketing for the duration.

Thanks for trusting us with your consignment!

_____ agrees to policies/terms of Flying Star Saddlery Consignment.
